

4 nights summer INCENTIVE

SLOVENIA

Day One: Arrival

Arrival at Ljubljana Airport and transfer to the hotel of choice.

Welcome reception - Brdo Estate

Slovenia's trademark is its natural beauty and your time in this enchanting destination begins in one of the country's most captivating settings; Brdo Estate. Former summer retreat of President Tito, Brdo was the location for top level international meetings during Slovenia's 2008 EU Presidency.

City safari

Classified as a medium-sized European city, Ljubljana offers all the friendliness of a small town with a wealth of cultural

attractions the envy of larger cities. Time to explore its sights but in a fun way; in small teams equipped with maps, cameras and challenges which take you past the Baroque Town Hall, the Cathedral of St Nicholas, Prešernov Trg Square and the Triple Bridge.

Day Two: Sailing regatta at the Adriatic Sea

An exhilarating morning at sea! A fleet of yachts is standing by for an informal regatta with an element of competition. All aboard for a briefing from your skipper, then set sail on the sparkling blue seas to compete with friends. Lunch in a typical fisherman's tavern.

Afternoon - Skocijan

A UNESCO natural heritage site, the Skocijan caves are perhaps the greatest of Slovenia's natural attractions. Prepare to be spellbound by stunning chambers, the world's largest subterranean canyon and a natural bridge to take you over an underground river.

Evening

In a convivial restaurant typical of the Karst region, learn a little about Slovenian wine from an expert local producer, then savour a simple but hearty dinner of traditional regional cuisine including goulash, air dried pork and klobasa sausage.

Day Three: Alpine adventures

Less than one hour from Ljubljana lies fairytale Lake Bled. Against a backdrop of dramatic mountains and pine forests, participate in a variety of activities including kayak or canoe rafting, high rope courses, biking and hiking. Relax over an alfresco BBQ lunch then enjoy a romantic ride across the tranquil lake in a pletna (gondola) boat to a small island church where a calming recital is performed just for you.

Evening - City Museum

Back in Ljubljana, the baroque atmosphere of the City Museum is the setting for this evening's gala dinner.

Enjoy a welcome cocktail in its arcaded courtyard before sitting to dinner as a folklore band entertains.

Day Four: Hot air ballooning

Your visit to Ljubljana is drawing to a close but there's time for one final adventure. A team of experienced hot air balloonists is waiting to introduce you to 50 - 500m high views of the cityscape. Marvel at the panoramic remains of five millennia of Ljubljana history and toast your successful flight with a glass of sparkling wine as diplomas are presented. Brunch and airport departures for onward journey home.
